EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 6, the first occurrence of "can be" has been deleted.

In claim 34, line 10, the first occurrence of "can be" has been deleted.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, in a rolling machine for forming work pieces having a roller holding device, two holding arrangements arranged on opposite end faces of the roller with two coupling arrangements for detaching the roller from the holding arrangements in an uncoupled mode wherein the coupling arrangements comprise a first coupling part having a first groove and second groove that is not parallel to the first groove and a second coupling part having first and second coupling elements that project outwardly and each extend into a respective first and second coupling groove.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Ed Tolan whose telephone number is 571-272-4525.
